Missionaries to the Hispanics of America

November 1, 2009

Gracias

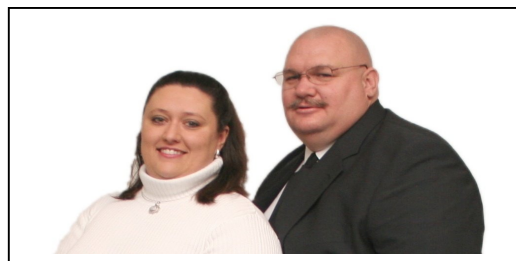

Hechos 2:11 ...les oímos hablar en vuestras lenguas las maravillas de Dios.

Acts 2:11 ...we do hear them speak in our tongues the wonderful works of God.

Progress is coming slowly but surely with our language studies. We had hoped to be full time in language school by now but the poor economy has delayed that schedule. We're working hard on our own though and continue to use several available resources. The Rosetta Stone material is great and we have various "learning Spanish" books that we have picked up. We also have several good gospel CD's in Spanish that we listen to as we travel. We sing along with the parts we have learned. This hasn't helped our singing skills, but it is exciting when you realize you're recognizing more words and can begin to put more words and phrases together.

We've also been in several Spanish services recently. Each time, we begin to recognize more words and we're able to follow along more with the message. Of course, there's still a lot of the time that I have no idea what is being said. I'm confident that it is the truth, but not really understanding can be very discouraging. This is a great reminder of what it is like for Hispanics struggling to understand a new language and the great need for us to quickly learn their language so that they can be reached with the truth.

THANK YOU ALL FOR YOUR CONTINUED
PRAYER AND FINANCIAL SUPPORT!
